描述

The screenshot displays the 'Sales Order' (销售订单) page for order 2925. The page is divided into several sections: '客户' (Customer) and '收货方' (Receiver), both with search and address change options. The '基本信息' (Basic Information) section shows the order number (2925), status (未处理), and various dates. The '客户要求' (Customer Requirements) section includes dropdown menus for delivery priority (立即), transport method (供应商自运), and exchange conditions. A red error message at the bottom reads: '上游客服不存在-null' (Upstream customer service does not exist-null) with error code 404.
